HOTCAKE HAND GRENADE

“... I hear the hallmarks of acts like the Adolescents, Bad Religion, and the Circle Jerks, a sound that references a sonic epoch stretching from the Descendents’ Milo Goes to College to most of the groups on Epitaph circa Ribbed-era NOFX.” - Steve Steward, Fort Worth Weekly

“Hotcake Hand Grenade will hit you like a pretty delicious explosion...” Steve Steward, Fort Worth Weekly

ABOUT US

Hotcake Hand Grenade is a Dallas Fort Worth-based hardcore punk band formerly known as Patient: Ø. Their music is influenced by some of the great old-school bands such as Black Flag, Minor Threat, DOA, and Gang Green. Raleigh provides lead guitar and lead vocals, James supports with rhythm guitar and backing vocals, Eric adds depth with his bass and backing vocals, and Andy's intricate drum beats round out the band's sound.
